

BARGAINING BULLETIN # 28 3/10/2010

The Union and Company met in full committee today. The Company presented the Union a proposal on adding the Verizon Business Technicians to the Core bargaining unit. The Company also presented a proposal to add a personal holiday to the Region Wire Service contract effective January 2011. The Union still has a proposal on the table to move RWS into the Core agreement.

The Union gave the Company a revised proposal on Jury Duty/ Witness Pay.

We have a tentative agreement on a Vision Care proposal. We still have a long way to go to achieve a fair and equitable agreement, and we are strongly committed to the task.

We want to thank everyone for their continued support. **Great to see the pictures of all the rallies, and the candle light vigil!**

To a right-winger unions are awful. Why do right-wingers hate unions? Because collective bargaining is power that a worker has against the corporation. Right-wingers hate that.
