

BARGAINING BULLETIN #34 3/16/10

Yesterday, (March 15), District Vice President Jim Weitkamp and the Bargaining Committee held a conference call with the Local Presidents to update them on the status of bargaining.

While the committees did meet in full session yesterday, there are many items on the table that separates us from reaching an agreement.

The Bargaining Committees are meeting this afternoon to continue to work towards reaching an agreement.

Your continued solidarity and support through mobilization sends a strong message to the Company that this is not going to be a **“status quo contract”!**

IN SOLIDARITY,

YOUR BARGAINING COMMITTEE
