

BARGAINING BULLETIN # 8 2/10/2010

The Union and Company bargaining committees were back in session today. Shawne Angelle for the company discussed their proposal on implementing a Consumer Incentive Compensation Plan. The Union introduced proposals for recognition and wages for MCOW employees. The Bargaining Committee continues to strongly object to company initiatives to shift bargaining unit work to Tijuana Mexico. While California suffers continued job losses and Verizon employees are laid off or surplused due to corporate downsizing, hiring continues outside our borders. The Union will continue to fight the callous outsourcing of our jobs to foreign countries legislatively at upcoming hearings in Sacramento as well as at the bargaining table. Our effectiveness depends on your continued support and mobilization. **Contact your Legislators!!**
